SUMMARY

Skillful, well-motivated and hard-working Frontend developer with intermediate English looking for new opportunities in Frontend Development.

I have strong theoretical knowledge and good practical skills in creating responsive web pages (HTML5, CSS3, SCSS). Well familiar with using Javascript, Typescript and React for best performance. Really motivated to study Vue / Angular / React Native.

I enjoy to learn and explore new things, improve and get better. Ready to apply my passion for coding to a talented engineering team to develop quality solutions.

SOFT SKILLS

Analytical mindset
Quick learner
Responsible
Proactive
Enjoyable team player

HARD SKILLS

- Program languages: JavaScript, Typescript (ES2015 - 2019)
- Frameworks: React (Props, State, Events, Hooks, Fetch, React router v.6)
- Front End technologies and frameworks: HTML5, CSS3, Sass(SCSS), BEM, Bootstrap, Bulma
- Fetch, REST API
- PSD to HTML: Figma
- Version control: Git/Github
- Task Management and tools: VS Code, Chrome Developer Tools (incl. React), Redux, NPM, Webpack
- Basic OOP understanding
- Algorithms: Solved 55 katas on CodeWars
- Other computer skills: Photoshop, LightShot, Windows
- English: Intermediate+

EXPERIENCE

Frontend developer

Training projects | 11.2021 - Present

Portfolio Website

Technologies used: React, React-Hooks, HTML, CSS, BEM

- [Webpage](#)
- [GitHub Code](#)

App To Do list

Technologies used: TypeScript, React, React-router

- [Webpage](#)
- [GitHub Code](#)

Landing Museum

Technologies used: CSS, HTML, BEM, JS

- [Webpage](#)
- [GitHub Code](#)

Landing MIAMI

Technologies used: CSS, HTML, BEM
